ABOUT

Le Chemin

Le Chemin creates wellness and therapy events — retreats, workshops, and sensory rituals, present in Marrakech, Madrid, and on the French Riviera.

This afternoon was designed for you. You'll be guided by a sexologist, a Kundalini Yoga teacher, a naturopath, and a sensory market — every moment built to help you rediscover your desire and reconnect with your sexual energy.

I. A Sexologist, Just for You

Psychoeducation, no judgment, nothing clinical.

II. One-of-a-Kind Workshops

Yoga, sensoriality, connection to self.

III. One Circle, By Invitation

Connections that continue well after the day itself.

YOUR HOST

Imane

Founder of Le Chemin

Couples therapist, specialized in conscious dating & body connection.

She has created programs that have helped hundreds of women reconnect with their bodies, and couples connect consciously.

She created Le Chemin after watching the women around her, always in the process of becoming — more accomplished, more high-achieving. Le Chemin was born to create a space where they can simply be.

“Le Chemin lives in each of us.”

Welcome Ritual

OPENING

You arrive and receive your day journal, along with a welcome shot of phycocyanin — to support your micro-circulation and ease into the afternoon. Enjoy the villa, its setting, and the first encounters, before a circle forms in the garden, in soft light — the first shared breath of the afternoon.

THE WORKSHOP

Awaken Your Desire

With **Elisabetta Brunelli**, Sexologist

She guides you, with gentleness and care, to understand your body and your desire — to fully inhabit your sexuality.

She has already helped over a hundred women toward a more fulfilling sexuality — a path enriched by experience across some fifteen countries.

WITH ELENA

Tantra Blanc

Kundalini Yoga Teacher

A practice refined over 14 years, between training and life in an ashram.

A dynamic practice combining movement, powerful breathwork, mantras, and meditation — to circulate and release your sexual energy throughout your entire body. You learn to stop holding it back, and instead let it move through you, choosing how it expresses itself.

“Fourteen years ago, I discovered Kundalini Yoga. The practice helped me find inner strength, joy, openness, and the desire to act.”

IN SMALL CIRCLE

The Workshops

Three moments lived in a small group — where you'll find the women of your Circle.

Le Chemin

With Imane.

Discover Your Erotic Profile

A moment to discover your erotic profile — a first intuition, which is later confirmed, or surprised, at the Touch Bar.

Two sisters, a space designed to reconnect with yourself.

The Intention Candle

You create your own candle, scented from Grasse, in natural wax — in which you anchor your intention. Every time you light it, that energy stays with you.

100% natural & artisanal chocolaterie — Nice.

Blind Aphrodisiac Tasting

Eyes closed, you let your senses be the only judge — four chocolates with aphrodisiac notes, chosen to awaken desire as much as the palate.

FREE ACCESS, AT YOUR OWN PACE

The Sensory Market

Three stands, explored freely, alone or through encounters.

I.

The Touch Bar

A five-station journey to discover your language of desire.

II.

Kamichok

Artisanal, 100% natural chocolaterie, to take home straight from the stand.

III.

Nathalie Frery

Naturopath — a personalized elixir for your libido, composed on the spot.

This is also where connections form — between two stands, a word, a glance, a new friendship.

STAND I

The Touch Bar

YOUR LANGUAGE OF DESIRE

Five stations, five ceramic bowls — Anticipation, Softness, Certainty, Contrast, Surprise. You touch yourself, at your own pace, in silence, and note the intensity you feel at each on your card.

The station that moved you most reveals your dominant language of desire.

No facilitator touch — entirely self-directed.

STAND II

Kamichok

100% NATURAL & ARTISANAL CHOCOLATERIE — NICE

Created by two passionate makers, Camille & Marielle, who craft chocolate the traditional way, with no mechanization at all — raw ingredients, transformed in their own workshop in Nice. Here, the pleasure of taste matters as much as the pleasure of the eye.

On the stand, you discover their world — creativity and indulgence.

LE CHEMIN • RECONNECT WITH YOUR SEXUAL ENERGY

STAND III

Nathalie Frery

FUNCTIONAL NATUROPATH & KINESIOLOGIST

Since 2018, she has guided women and men toward better health through a functional naturopathic approach — trained in North American functional medicine methods, she works alongside doctors and specialists on complex conditions.

She offers you an elixir composed around your body and the needs you define together — a rich, flavorful experience, made just for you.

Closing Circle

THE COLLECTIVE LIGHTING

The day closes together. Each woman retrieves the candle she made during her workshop, keeps her card close, reconnects for a moment with her intention...

Then the candles are lit all at once: as many lights, as many different stories, as many personal intentions — one single collective energy.

Le Chemin

*A space, an experience —
designed for you.*

Your desire, your energy, your body are waiting. All that's left is to reserve your place.
